“One beloved, flour-flecked, ink-smearred recipe at a time, Sam begins to learn about and understand the women in her life, her family's history, and her passion for food through their treasured recipe box.” --- Goodreads

**In this story, the family recipes are passed down from one generation to the next. The recipes are made for their own families and then as a business to help support the family. It was a very nice story showing the relationship between a mother, daughter and grandmother. The book is full of recipes.**

**Form the Author's Note – “The Recipe Box is inspired by my grandmother's recipe box and recipes as well as her life, love, and lessons.”**

“Food, recipes, baking, and cooking are what unite us, transport us, connect the past to our present.

A favorite cake of the characters & the author is the [Cherry Chip Cake with Cherry Vanilla Buttercream](#).

I haven't made a cake from scratch in a long time, but I gave this one a try. It was moist and looked pretty, but very sweet. If I tried it again, I would use less frosting and maybe less cherry juice in the cake and frosting.

Check out the book for the full recipe.  
(Sometimes you can find the recipe on  
the author's website or by Googling it.)

Thanks for reading!
